

Overview:

The Gorey Community Youth Project offers welcoming and respectful youth spaces to young people aged 11-25 years across 4 sites including: Creagh College Youth Cafe, FDYS McCurtain Street Drop In, Cois Doire Community House, FDYS Youth Centre, Courtown.

While committed to the principles of youth work practice, all supports are delivered in a fun and collaborative way so that young people, and their needs, are at the heart of everything that the project aims to achieve.

These youth programmes are delivered by 3 experienced and qualified youth workers and include thematic work such as self-esteem, mental health, sexual health, resilience and relationship building (e.g. making friends and life skills!).

Opening times are responsive to the needs of young people at targeted youth spaces near them.
