

## Overview:

Churchfield Community Trust CLG offers vocational training, continuing education and enterprise skills with a focus on further education. We operate from a relationship model, which is person focused and needs centred.

### Services we provide:

Mentoring of pre-employment skills through certified and experiential learning, Community Employment, Outreach Support and Addiction Counselling, One to one interventions, in addition access to computer skills, food and beverage training, literacy, and sports and leisure activities that facilitate young peoples development through mutual respect enabling them to overcome adverse circumstances and achieve their full potential by improving their personal and social development outcomes.
