

Overview:

The aim of Clonmel Community Youth Project is to engage young people aged 10 to 24 years from the Wilderness and Elm Park areas of Clonmel in a range of developmental groups and programmes in response to their needs and interests.

The project supports young people to play a central role in the delivery of the service and creates Youth Work opportunities which promote better outcomes for the young people involved. In addition, the project endeavours to assist the young people in boosting their self-esteem, self-confidence and skills development.

The project is young person centred, needs led and involves community volunteers in the work on an ongoing basis.
