

Overview

ASPIRE Inishowen Project is a new and exciting opportunity for young people aged 10-14yrs, 15-17yrs and 18-24yrs to avail of targeted youth work programmes designed to assist them with their life choices. The project will use a variety of interactive, imaginative and creative youth work methodologies to undertake the work all of which will lead to positive outcomes for participants. The Project will operate in specific locations across the peninsula - Buncrana, Carndonagh, Clonmary & Moville and will engage young people that may be experiencing difficulties in their lives. Working to promote positive mental & physical health the project will address various issues that participants may present with. Identifying and engaging with those most at risk, the project will work "on the ground" in these areas, engage with local stakeholders from the community & voluntary sector including FRC's & CDP's, Youth clubs, the state sector with clinicians, Gardai and other professionals and across secondary schools with SCP's EWO's teaching staff and parents.

Donegal Youth Service

16-18 Port Road, Letterkenny, Co Donegal.
The Inishowen base for the project is currently being negotiated within Youth and Community groups in Buncrana, Clonmary, Carndonagh and Moville.
