

## Overview:

Foroige Charleville UBU welcomes young people aged 10 to 24 years to a dedicated youth space in Charleville, north County Cork. The space was designed for young people by young people. The service we provide includes:

- Small and large group work programmes
- Outreach work
- Advocacy with or on behalf of young people
- One to one needs based support

We have a vibrant, fun space with equipment and facilities to enable the delivery of our service. We have kitchen facilities, IT and leisure equipment as well as youth centred furniture to ensure all of our dynamic programming can be delivered in the most effective way possible
