

Overview:

The Bounce Back Youth Service West Cavan operates in the areas of Belturbet, Ballyconnell and Swanlinbar. There are two elements to the Service; The Rural Resilience Service (ISPCC) and The Detached Youth Work Element (Youth Work Ireland Cavan Monaghan).

The ISPCC's Professional Resilience Support service works to increase the ability of children to self-regulate their behaviour and cope with the difficulties that affect their lives.

The Detached Youth Work element is carried out by staff members from Youth Work Ireland by being present on the streets on key nights when we know the most at-risk young people are hanging around the streets.

The Bounce Back Youth Service also facilitates weekly youth cafés and programs throughout the three areas.
