## Overview:

Western Traveller and Intercultural Development (WTID) is a community development project and youth service provider based in Tuam. WTID owns and manages Tuam Community Childcare Service; in conjunction with the Traveller Health Unit HSE delivers a Peer-Led Primary Healthcare Programme; and in partnership with the Department of Justice and Equality, Department of Education and Skills and Tusla are facilitating The STAR (Supporting Travellers and ROMA) Project.

WTID's Youth Project strongly believes that all young people must be a valued component of our community.

At WTID we endeavour to provide diverse activities for young Travellers and ethnic minorities & groups through being active, innovative and supportive to the needs of the young people we work with, stimulating them to make informed decisions upon issues that have an impact on their lives.

Our mission is to enable young people to develop the skills and confidence they require in life. We are working towards full equality for all Travellers and ethnic minority groups in Tuam.

We believe our youth project is a cornerstone for young people to seek support and guidance in accessing their rights as equals facilitating them to promote positive change.
