

Overview:

Riccys is a place where any young person can come regardless of gender, social status or ethnicity to hang out. It is a safe space for many young people from Ringsend and Irishtown to come to and meet their friends and have fun.

We do a lot of trips during the summer and midterm breaks like attending the Panto it's definitely one of our personal favourites. Everybody mixes and nobody is excluded. We all have a great bond with our youth workers and get along like a house on fire, we go to speeches, seminars and conventions such as femfest, which was very educational.

These are just a few of the opportunities we get by attending our youth service. We firmly believe if we wouldn't be the people we are if we didn't have the opportunity we have today" (Sophie 17 years, Abbie, 15years)
