

## Overview:

The Bishopstown UBU Project is provided by Foróige. Our purpose is to develop and deliver services in the community that are youth centred.

Our service provides after-school, evening and weekend programmes for young people aged 10 - 24 years.

We enable young people to develop social, interpersonal and life skills through a variety of engaging opportunities. We provide extra-curricular options to broaden young people's experiences and horizons.

The Bishopstown Youth Service provides support and signposting in areas like sexual wellbeing, alcohol & drugs prevention and accessing public services as necessary.

We encourage remaining in education and encourage progression to further education and/or training. We are inclusive and open to young people from all backgrounds.
