

Overview:

We work with young people in the Thurles/ Templemore area through a rights-based, youth-led approach to foster learning, innovation, hope and high expectations in young people, their families, and their own communities.

Our vision is of a world full of possibilities for all young people and our youth centres in Thurles and Templemore are friendly, open and inclusive of all young people. We work hard to meet our members where they are at, and to build relationships of trust, friendship and equality.

We value our young people and youthwork. Our integrated youthwork model means our members have access to a range of opportunities and supports, both in a group and one-to-one basis. We offer activities and supports such as health, relationships, fun and creativity 6 days a week in both our centres.

Thurles & Templemore Youth Project
