

Overview:

The Gateway Youth Project (GYP) is about responding to the needs, interests and goals of young people (aged 10-18), as identified by the young people themselves.

- To respond to the needs of young people in Athlone town and its surrounding areas, focusing particularly on youth work and educational support
- To develop a youth-led service which fosters young people's wellbeing and encourages each young person to realise their potential
- To implement a variety of educational, social and recreational support programs which offer positive alternatives to young people at risk of educational disadvantage, further unemployment and involvement in crime.
- To provide information relating to lifestyle issues such as substance misuse/abuse. Early school leaving, career guidance and employment rights
