

Overview:

North Mayo youth project operates within the Personal Development and Social Education Models of Youth Work. This model is used to empower young people, in partnership with staff and volunteers, to develop a range of programmes and activities aimed at enhancing the social, physical, emotional and spiritual development of the young person.

North Mayo youth project provides young people from targeted communities with a warm, safe and healthy environment to meet up and hang out with friends, to take part in a range of needs based, structured programmes and activities, to interact with positive adult role models, avail of up to date relevant and accurate information on issues that affect them, get support for formal education and the opportunity to take part in a range of activities.
