

Overview

FDYS Bunclody Area Youth Supports (BAYS @ FDYS) offers welcoming and respectful youth spaces to Young People aged 10-25 at FDYS Bunclody, Co. Wexford. While committed to the principles of youth work practice, all supports are delivered in a fun and collaborative way so that young people, and their needs, are at the heart of everything that the UBU project aims to achieve. These youth programmes are delivered by three experienced and qualified youth workers and include thematic work such as self-esteem, music programmes, mental health, sexual health, resilience and relationship building (e.g. making friends and life skills!). Opening times are responsive to the needs of young people and include evenings and Saturdays 12-3pm.
