

Overview:

"We work with young people in Tralee through a needs based, youth-led approach to promote the positive development of young people, their families and their community.

Our vision is to be a safe, inclusive service where all young people feel valued and supported to achieve their full potential as members of the community and to have their voices heard.

Our youth centre situated on Denny St. is inclusive of all young people and we work hard to meet our members where they are at and to build sound relationships with them. Our integrated youth work model means that members of our UBU service have access to a range of opportunities and supports, both on a group and one to one basis.

We also operate in different communities within Tralee, meaning our service is as accessible as possible."
