

Overview:

We work with young people in Killarney through a needs based, youth-led approach to promote the positive development of young people, their families and community.

Our vision is to be a safe, inclusive service where all young people feel valued and supported to achieve their full potential as members of the community and to have their voices heard.

Our European youth centre situated on Fair Hill is inclusive of all young people and we work to meet our members where they are at and to build sound relationships with them.

Our integrated youth work model means that members of our UBU service have access to a range of opportunities and supports, both on a group and one to one basis. We also operate in different communities within Killarney, meaning our service is as accessible as possible.
