

## Overview:

We work with young people in the Tipperary Town area through a rights-based, youth-led approach to foster learning, innovation, hope and high expectations in young people, their families and their community. Our vision is of a world full of possibilities for all young people.

Our youth centre in Tipperary town is friendly, open and inclusive of young people and we work hard to meet our members where they are at, and to build relationships of trust, friendship and equality. We value our young people and youthwork.

Our integrated youth work model means that our members have access to a range of opportunities and supports, both on a group and one to one basis in the areas of health, arts, social justice, personal development and supports young people facing challenges in their lives.
