

Overview

We work with young people in Carlow town & environs. Through a needs based youth led approach, we will offer youth work programmes and opportunities to support and promote the social and personal development of young people in Carlow.

Our vision is "we work to empower young people to achieve their potential through quality youth work".

Our Youth Centres in Carlow town, Tullow Rd and Graiguecullen are safe, open and inclusive of young people. We also outreach to key LA Estates. We meet young people where they are at, & strive to build relationships of trust, friendship and equality. We value young people & youth work. Our integrated youth work model means that members of our UBU Service have access to a wide range of opportunities and supports, both on an individual and group work basis.
