

Overview:

The Farranree UBU Project is managed by Foróige. Our purpose is to develop and implement youth work interventions that place the young person at the centre and operates in their community.

Foroige is about young people, putting them first, building their confidence, competence and capabilities. The Farranree UBU Project aims to develop and provide youth education programmes that are fun, challenging, stimulating and relevant to the young person, complementary to their home, school and work to enable young people to involve themselves consciously and actively in their own development and in the development of society.

Our approach is rooted within local communities and the people within them supporting local young people.
