

Overview:

The Cloister Youth Facility offers a welcoming and respectful drop-in youth space to young people aged 11-25 in our FDYS Youth Centre on Francis Street in Wexford town.

While committed to the principles of youth work practice, all supports are delivered in a fun and collaborative way so that young people, and their needs, are at the heart of everything that the project aims to achieve.

These youth programmes are delivered by two experienced and qualified FDYS youth workers and include thematic work such as self-esteem, mental health, sexual health, healthy eating, substance misuse, resilience and relationship building (e.g. making friends and life skills!).

We are open evenings after school.
