

Overview:

Kilmore West Youth Project CLG provides high quality youth work interventions to young people aged 10 - 24 years in the local community. We are a community-based youth and family service that welcomes all young people and families from the Dublin 5, 9 and 17 areas. We provide support through one to one work, small and large group work, Film projects, Music groups, Arts n crafts, Hair and make-up course's, summer, and Easter programmes and many more activities.

Our mission is to support young people to be the best they can be by creating a place of welcome, understanding and encouragement. We aim to enhance the lives of the young people by meeting their needs.

We value young people's active participation in all areas of our service delivery. We also welcome young people's ideas on improving the quality and range of services that we provide.
