

Overview:

Huntstown Community Youth Project is provided by Foróige in partnership with Huntstown Community Centre.

The purpose is to develop and implement youth work interventions that place the young person at the centre and is implemented in their community.

The project is community based, working with young people aged 10-24. A critical feature of our work is that young people are voluntarily engaged in our services based on their needs and interests.

Programmes, activities and manualised programmes such as mentoring, the Foróige NFTE Entrepreneurship programme, our Youth Citizenship and Youth Leadership programmes are provided after school, late evening, weekends, and during school holidays. Service provision includes group work, individual work and outreach.
