

Overview:

We work with young people and volunteers across Tipperary and East Limerick through a rights-based, youth-led approach to foster learning, innovation, hope and high expectations in young people, their families and their communities.

Our vision is of a world full of possibilities for all young people. Our youth clubs are friendly, open and inclusive of young people and we work hard to meet our member where they are at!, to build relationships of trust, friendship and equality.

We value our young people and youthwork. Our integrated youthwork model means that members of our UBU project have access to a range of opportunities and supports.

Volunteers are further supported by The Rural Outreach workers as well as being the main contact and support for the needs of clubs, young people and the community.
