

Overview:

The West End Youth Centre is situated at the heart of Our Lady of Lourdes (OLOL) community, Limerick City. OLOL is one of four designated Limerick regeneration communities.

The West End is the youth work service of OLOL Community Services Group, which is "Committed to identifying & supporting the needs of people living in the local community, through the provision of people centered services which are open, accessible & professionally delivered".

We are a focal point of activity & purpose for young people (10-24years) in OLOL. We provide out-of-school supports, enabling young people to overcome adverse circumstances & achieve their full potential.

We aim to improve personal & social development outcomes through youth work delivery that is relevant, engaging, developmental & fun.
