

Overview:

Bohermore YDP is located in Galway City, just off Eyre Square. Here we offer young people a safe, warm, friendly space that they can call their own. They will be accepted and encouraged to be the best that they can be.

We work with target groups from within the area through outreach work and implementing programmes that are designed around the needs of the young people.

We focus on helping young people to become stronger members within the community, bringing about a more positive influence and creating a better environment within society.
