

## Overview:

The Wicklow Travellers Group summer project provides activities for over 100 young Traveller children. Our summer programme includes a variety of physical and mental health activities that are educational, sporting and recreational. Examples include trips to the Zoo, Clara Lara, Kia Ora Farm, fishing, handball, swimming, mountain biking and going for walks in Glendalough and the Murrough in Wicklow.

As a group experiencing social exclusion, these activities are vital in both enhancing the self-esteem and confidence of the young people. Through the above activities the children and young people enjoy positive experiences, creating lasting memories of community, healthy activity, cultural acceptance and inclusion.
